

January Selling

With us has been brisker than usual. Our prices create business in dull months as well as during the busy ones. Look at these: **xx**

Ladies' Wrappers.

Flannelette and Percale wrappers, full sizes, large assortments, good washable goods, priced formerly at from \$2.00 down to \$1.00. To effect a complete closing out they have been reduced to \$1.15 and.....**75c**

Muslin Underwear.

Ladies' Muslin undergarments, gowns, chemise, drawers, shirts and corset covers, odd lots, most of them but good sanitarially made garments, every one of them. Our buyer is in New York buying new stocks and before the new spring muslin underwear comes in we must close these out. They have been reduced evenly and uniformly exactly.....**20%**

You won't get choice if you wait.

Blankets and Comforts.

Don't think that summer has come—there are going to be some cold nights. You'll doubtless need some new bedding. We are in a better position to save you some dollars on blankets and comforts than ever. Come see. The prices are greatly reduced. **xx**

New Gingham.

New patterns, desirable wash gingham for school dresses. These days when indoors is preferable to outdoors, time can be saved by sewing. Money saved, too, when you see these 10¢ gingham we're selling at.....**8c**

Ladies' Tailored Suits.

The left-overs must go. Our next season's stock must contain nothing but new stuff. We're willing to part with these tailor-made suits at prices inconsistent with their cost. Are you in need of one? If so come see. The same can be said of **xx**

Men's Overcoats and Ladies' and Misses' Jackets

They're good goods but we realize the space they occupy is better for spring business and so must sell them. You will be the gainer in the transaction. **xx**

A Great Shirt Special.

Men's colored stiff bosom shirts, good brands, good patterns, particularly fine goods. They're \$1.00, \$1.25, \$1.50 and \$1.75 shirts. They're going to be sold (will you participate in the bargain-getting?) at each only.....**50c**

STOCK NEWS.

The Wool Trade.

The American Wool and Cotton Reporter of January 14, has the following to say of the wool trade:

The wool market is not as active as it was a week ago, but a very fair volume of business has been done during the past week. The worsted mills have been the more conspicuous buyers and some sizable parcels have been contracted for. One large dress goods mill has taken on about a million and a half pounds, largely territories, and another concern is reported to have taken on close to a million pounds. There is as yet no improvement to be noted in prices. There are just enough holders who are willing to let their stock go, to prevent any advance. It is claimed that some concessions were made on some of the large lines recently moved, but sellers deny this.

The receipts of wool in Boston this week amounted to 12,855 bales, against 15,406 bales last week and 9,712 bales last year.

The total receipts since January 1 have been 19,505 bales of domestic wool and 3,272 bales of foreign, against 11,582 bales of domestic wool and 3,875 bales of foreign wool for the corresponding time last year. This is an increase of 5,923 bales of domestic and a decrease of 608 bales of foreign.

Shipments for the week ending Jan. 11 are as follows: Tuesday, Jan. 5, 477,150; Wednesday, Jan. 6, 746,240; Thursday, Jan. 7, 1,540,580; Friday, Jan. 8, 816,195; Saturday, Jan. 9, 934,515; Monday, Jan. 11, 816,090; total, 5,330,680 pounds.

This shows an increase of 1,016,941 pounds over the shipments of 4,313,739 pounds for the previous week. Since January 1 the total shipments amount to 7,576,501 pounds, against 7,796,896 pounds for the corresponding time last year.

The sales of the week in Boston amounted to 5,325,000 pounds domestic and 515,000 pounds foreign, making a total of 5,840,000 pounds, against a total of 8,235,000 for the previous week and a total of 3,865,000 for the corresponding week last year. The sales since January 1 amount to 14,075,000 pounds, against 6,890,000 for the corresponding time last year.

Cured Lumbago.

A. B. Canham, Chicago, writes March 4, 1903: "Having been troubled with Lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 25c, 50c and \$1. Central Drug Store.

DEATH ROLL.

Mrs. Iva Allen.

Mrs. Iva Allen, wife of W. H. Allen, of this city, and daughter of Mr. and Mrs. Isham Wright, died Monday night, January 18, at the family residence in East San Angelo.

The remains were interred at Fairmount cemetery Tuesday afternoon at 4 o'clock by Undertakers Gantt & Son.

Mrs. Allen has been a resident of San Angelo for about two and one-half years. As Miss Wright she made a number of friends to whom she was very dear. As Mrs. Allen she was a good wife and a loving one.

She leaves a child but a few days old and a husband to mourn her loss.

The Press extends heartfelt sympathy to the loved ones.

BORN.—To Mr. and Mrs. Chas. D. Jones, Saturday, January 16, a son.

The Strike Situation.

The strike of the printers formerly employed in the Standard office remains practically unchanged since last week's issue. The Standard got out on time last week with a full size paper and a good showing of advertising. The printers issued No. 2 of The Labor News from The Press print shop Saturday with a good advertising patronage. The stand they took is endorsed by their National Organization and they are conducting it peacefully and quietly. A settlement seems now no nearer than the day the strike was inaugurated. There is a great deal of interest manifested in it however, and friends of both parties hope for a satisfactory solution of the problem.

County Finance Committee Reports.

Hon. J. W. Timmins, Judge of the District Court of Tom Green County:

We the Finance Committee appointed at this term of court beg leave to report that we have examined the books and accounts and reports of the various County officers and find them correctly kept as required by law.

The County Treasurer's books are in balance with Clerk's Finance Ledger and the Treasurer has the money on hand in bank to balance.

The Tax Collector has made proper reports and settlements and full settlement on tax rolls and occupation taxes for years ending with April 1900, 1901, 1902 and 1903.

The Finance journal kept by the Clerk in connection with his Finance Ledger, is a very convenient addition to the account books legally required and was a very great help to the committee, shortening our work considerably.

Respectfully submitted January 16th, A. D., 1904.

LOUIS L. FARR, (Finance GILMORE T. GWIN, (Com. B. B. HALL,

Sworn to and subscribed before me on this 16th day of January, 1904.

The Tom Thumb Wedding.

Miss Hadley's entertainment several weeks ago was so well received and there were a great many people who did not see it that it has been decided by the ladies of the Episcopal Guild to repeat it. The performance will take place Saturday night. It's a good way to spend the evening and no one who goes will ever regret the money. Take the little folks along. Everybody will enjoy it.

J. M. McKenzie, the Pecos county cattleman, came in from San Angelo Saturday morning. "Everything out west is looking as well as we could expect," said he to The Express. "We are just human out there, like the citizens of other range sections of the State and like them, we would like to have some rain. This is not the first time we have failed to get rain when we wanted it, and I don't presume it will be the last. The range is all right at present, but if prices next spring and summer meet our expectations or rather our hopes, we are going to have some stuff to go to market and we want rain in plenty of time to insure grass and we are just waiting to see whether we are going to get it or not."—San Antonio Express.

DR. TUCKER HERE.

One of America's Most Wonderful Physicians at the Landon and will Remain for a Short Time.

Dr. Hugh H. Tucker of statewide fame is in the city at the Landon hotel. He is a wonderful physician. By the aid of science and a miraculous sight power he is enabled to see all parts of the human anatomy and use his wonderful powers for the benefit of suffering humanity. The Alice Echo of September 29, 1903, has the following to say of him:

Dr. Hugh H. Tucker who has been in Southwest Texas since the first of this year, came to Alice last Friday, owing to promise and expects to stay about three weeks. He makes some wonderful cures, and people we all know claim to have been relieved of disease long thought to be beyond the reach of any treatment.

Dr. Tucker has a gift of seeing that is wonderful, a power with which he is able to see through solid matter and tell what is on the other side, and plain enough to read, and those who have tried him, have been unable to blindfold him so as he could not see clearly. It is with this rare power that he claims to make his diagnosis of disease without asking a question, just looks for himself and then tells the patient.

The citizens whose names appear below blindfolded the Doctor and saw him do many things that seems unreasonable and impossible.

After being thoroughly blindfolded, he read through a man's body, read through heavy cloth, told the different positions of those in the room, walked across the room and put a pencil through a finger ring.

After seeing Dr. Tucker perform we are sure he has a most wonderful power and can do what he says, viz; see without the use of his material eyes. Dr. Tucker is in town and those who may doubt the above, have only to call on him at the Mosser House and be convinced as we were.

Dr. Tucker having given two exhibitions some parties who were present at the first, were absent at the last, consequently all parties did not witness all the above, but all was witnessed by some of the undersigned.

Very Respt.

J. A. DUNN,
P. A. PRESSNALL,
S. B. MOSSER,
FRANK W. ELLIS.

When representative and influential men—men of known integrity sign an article like the above it surely removes every doubt, if such exists in the minds of anyone, that Dr. Tucker can do and does do all he claims. The wonderful cures—bordering on the miraculous—he has made cause amazement and astonishment in all who are acquainted with the patients.

Dr. Tucker's power to see through and into the afflicted organs of a human body is most incomprehensible, though based upon scientific principles and a thorough knowledge of human anatomy.

And what is but little less remarkable and mysterious he cures without medicine. To diagnose any case—even chronic cases, Dr. Tucker does not ask the patient a score of questions and depend upon uncertain confusing answers that often perplex and bewilder, but he, with that indescribable power of sight sees the seat and character of the disease and the application of an unknown power, most marvelous and inexplicable causes the pain to leave and the patient to recover.

Dr. Tucker can locate the position of a lost bullet in the body by his wonderful power of sight.

Dr. Tucker will give free consultation and examination at the Landon for a short time.

Estray Notice.

I have taken up one black barrow hog marked cropped left, sharp right, about one year old. Unless called for and proven I will proceed with estray proceedings under the law.
